

# Treasury Department,

BUREAU OF THE MINT,

Washington, D. C., March 18, 1893.

Superintendent Mint U.S.,

Philadelphia, Penna.

Sir:

I send you by to-day's mail a blue print showing the location and space allotted to the various Government exhibits at the World's Fair, and labels to be used in making shipments; also blank bills of lading and invoices.

Referring to your letter of the 15th instant, in which you say that you will be ready to ship on or about the 15th proximo, I would state that I think it desirable that the presses at least should be shipped as early as practicable after the first proximo, in order that they may arrive in ample time and be placed in position, as well as the cases for the Cabinet. The coins and medals of the Cabinet should be sent by express instead of freight.

Respectfully yours,

*E. A. Lusk*  
Director of the Mint.

NARA RG104, Entry 1, Box 180
